CPD/22/A2/142	SISV	short course	Certificate in Cost Management & Estimating (CCME) 11th Intake (Online)	The design and construction of building projects is highly complex and demanding process involving multiple disciplines such as architecture, civil and structural engineering, mechanical and electrical engineering, quantity surveying and construction. Delivering a project of high complexity within the right cost budget, time schedule and quality is critical in meeting client's project objectives. Cost management and estimating provides project owners, developers, consultants and contractors the certainty and economy of cost over the life cycle of a building with the use of cost modeling, planning and management techniques. The Certificate in Cost Management and Estimating covers the basic principles relating to estimating of items of the works to be undertaken on construction projects. Major topics are quantitative techniques in cost analysis, cost planning and approximate estimating. The principles governing the pricing of items and building up rates for items of works including structural, architectural and M&E works are also covered.	https://www.sisv.org.sg/event-details.aspx?eventid=2832	Online	1391	10 Jul 2023	29 Sep 2023	34	34
CPD/23/A2/221	SCAL	Conference	SCAL Annual Environment, Health and Safety (EHS) Campaign 2023	The Annual WSH Environment, Health and Safety (EHS) Campaign 2023 event has the EHS component that align to one of CPAS 7 competencies. This annual event is a 4hr conference that has sharing and presentation from various authorities. Example MOM, NEA, WSH Council, as well as professionals from the Built Environment industry.	https://www.scal.com.sg/events/scal-ehs-campaign-2023	Devan Nair Institute for Employment and Employability (e2i)	37.8	7 Jul 2023	7 Jul 2023	4	4
CPD/23/A2/217	SCAL Academy Pte Ltd	Seminar	Dispute Avoidance and Best Practices in Live Construction Projects	This seminar aims to provide attendees with valuable insights into effective project controls techniques and strategies to avoid disputes. The session will highlight the importance of baseline programmes, as-built progress monitoring, and delay event management as well as effective risk management, clear communication, and collaborative problem-solving approaches. Attendees can learn how to implement best practices to keep their projects on track and minimize disputes, ensuring successful project completion within budget and on time. The session will also provide brief information on common methods of delay analysis for different stages of dispute resolution processes.	https://scal-academy.com.sg/courses/course_detail/258/4916	Online	194.4	23 Aug 2023	23 Aug 2023	3	3
CPD/23/A2/224	SCAL Academy Pte Ltd	short course	Contracting Construction Project	Construction Projects are complex undertakings from the point of procurement, to contracting, execution and managing the works and often avoiding conflicts and resolving disputes that may arise. An understanding of the intricacies (often far more common sense than legalistic) of contracting can go a long way to appreciating how best to negotiate, administer, and manage such projects.	https://scal-academy.com.sg/courses/course_detail/198/5489	Online	615.60	6 Jul 2023	7 Jul 2023	14	14
CPD/23/A2/225	SCAL Academy Pte Ltd	short course	Top Executive WSH Programme (TEWP)	This programme is suitable for CEOs, board members, and top executives who want to develop their company's WSH capabilities, ensure legal compliance, and promote a safe and healthy workplace for their employees. The programme is also relevant for anyone who is interested in WSH or wants to learn more about it. Top Executive WSH Programme Outcomes <ul style="list-style-type: none"> • Understand the value of WSH and why it is important for your business • Know your legal responsibilities for WSH as a CEO or board member • Understand the ACOP and how to fulfill your responsibility • Be able to develop and implement a WSH policy for your company • Be able to take appropriate actions to improve the WSH processes in your company and ensure legal compliance 	https://scal-academy.com.sg/courses/course_detail/259/5213	SCAL @ Construction House, 1 Bukit Merah Lane 2, Singapore 159760	120.00	5 Jul 2023 7 Jul 2023 21 Jul 2023 23 Jul 2023	5 Jul 2023 7 Jul 2023 21 Jul 2023 23 Jul 2023	3	3
CPD/23/A2/226	SCAL Academy Pte Ltd	Workshop	Design for Safety (DFS) for PMEs (Professional, Manager and Executive)	This course is ideal for PMEs working with developers, designers, contractors, and owners who want to know more about the WSH (DFS) Regulations. The course will cover DFS aspects of the whole live cycle of a building or structure from conceptualization, design, tender, construction, occupation, maintenance to demolition. Participants will be introduced to the "Guidelines on Design for Safety in Buildings and Structures", the "Code of Practice on WSH Risk Management" published by MOM and the WSH Council as well as the WSH (DFS) Regulations. With the current outbreak of Novel Coronavirus (NCov), this short course is particularly beneficial as case study from a 2003 SARS outbreak in Hong Kong will be discussed.	https://scal-academy.com.sg/courses/course_detail/17/5481	Online	324.00	26 Jul 2023	26 Jul 2023	7.5	7.5
CPD/23/A2/227	SCAL Academy Pte Ltd	Workshop	The Construction Workplace Reimagined!	We have entered the age of Industry 4.0 and Web 3.0 and with it, disruption to the business. This course explores the current and potential future impacts of new and rapidly evolving technologies on construction-related businesses and their operations. Learners will gain insights into these emerging technologies and how organisations may harness these technologies to their advantage.	https://scal-academy.com.sg/courses/course_detail/178/4332	Online	300.00	16 Aug 2023	16 Aug 2023	7	7
CPD/23/A2/228	SCAL Academy Pte Ltd	Workshop	Understanding the Security of Payment (SOP) Act	Security of Payment Act (SOP act) is a crucial component of the construction industry and can impact the payment process for all parties involved. This one-day training course has been designed to provide participants with a comprehensive understanding of the act and the essential tools needed to prepare or respond to adjudication documents. The training will cover all key components of the SOP act, including payment claims, payment schedules, adjudication applications, adjudication responses, and adjudication determinations. The course will begin with an overview of the SOP act and its significance in the construction industry. Participants will then learn about the process of making and responding to payment claims, and what to do in the event of a dispute over payment. They will also be given information on how to apply for adjudication, and what changes have been made in the latest amendments to the act.	https://scal-academy.com.sg/courses/course_detail/107/4448	Online	320.00	20 Jul 2023	20 Jul 2023	7.5	7.5
CPD/23/A2/229	SCAL Academy Pte Ltd	Workshop	Manage Demolition of Buildings and Structures	Demolition works typically involve tearing down of buildings or civil engineering structures. The improper handling of demolition works can give rise to various risks and environmental impacts. Demolition management plan should be developed to mitigate the potential risks from identified work hazards as well as the environmental impacts resulting from the demolition works. As land is scarce in Singapore, the management plan should also include the measures to reduce waste sent to the landfills and incineration plants via the reuse and recycling of demolition debris and materials. This course aims to give the participants an opportunity to learn and understand the key aspects in managing demolition of buildings and structures through careful planning, scheduling and controlling of demolition work.	https://scal-academy.com.sg/courses/course_detail/164/5410	Online	300.00	20 Jul 2023	20 Jul 2023	7	7

CPD/23/A2/230	SCAL Academy Pte Ltd	Seminar	Mediation for Construction Industry	Upon completion of this webinar, participants will have gained a thorough understanding of the process of mediation in construction disputes and will be able to: - Understand the steps involved in resolving disputes through mediation. - Appreciate the benefits of using mediation as a means of resolving disputes. - Know what to expect from preparing for, participating in and the motivations to reach a settlement through mediation. - Learn about the considerations and reasons towards settling the disputes through mediation.	https://scal-academy.com.sg/courses/course_detail/115/4939	Online	194.40	27 Jul 2023 07 Nov 2023	27 Jul 2023 07 Nov 2023	4	4	
CPD/23/A1/140	Singapore University of Social Sciences	Lecture	BPMS03 Project Risk Management in Construction Projects	This course aims to equip students with the essential skills and knowledge required to manage the risks in construction projects. It provides thorough discussions of the various concepts, tools and techniques involved in risk management process and applications of how these methods can empower the decision making of the project manager. Case studies of risk management in construction projects will be used to demonstrate key principles of project risk management learnt.	https://www.suss.edu.sg/courses/detail/bpm503 Program Timetable: https://scalsingapore-my.sharepoint.com/:x/g/personal/admin_scalsingapore_onmicrosoft_com/EetajaZY2apAIn3Y5o3fOcyB8A6fXEjDwIavTInuqjYVg7e=pjDICT	Singapore University of Social Sciences, 463 Clementi Rd, Singapore 599494	2200 SSG Funded	19/8/2023	21/10/2023	10 Sessions Every Sat 12nm - 3pm (3hrs)	30	30
CPD/23/A1/141	Singapore University of Social Sciences	Lecture	BPMS05 Collaborative Contracting in Built Environment	Collaborative contracting is a framework which allow all team members to collaborate, share information and develop solutions in line with the objectives of all parties and increase productivity. This course aims to equip students with the knowledge in contractual framework for Collaborative Contracting. It covers key principles, pros and cons of collaborative contracting. The improvement of economic and social value by having early contractor involvement and supply chain collaboration will be discussed.	https://www.suss.edu.sg/courses/detail/bpm505 Course Details: https://scalsingapore-my.sharepoint.com/:b/g/personal/admin_scalsingapore_onmicrosoft_com/ETSR8PGAbjFPhMUzuSVuAb0BLS4fe6gT19XNs7064pYzjA7e=NpgrBx Program Timetable: https://scalsingapore-my.sharepoint.com/:b/g/personal/admin_scalsingapore_onmicrosoft_com/ETSR8PGAbjFPhMUzuSVuAb0BLS4fe6gT19XNs7064pYzjA7e=hL0InI	Singapore University of Social Sciences, 463 Clementi Rd, Singapore 599494	2200 SSG Funded	17/8/2023	19 Oct 2023	10 Sessions Every Wed 7pm - 10pm (3hrs)	30	30
CPD/23/A2/231	SCAL Academy Pte Ltd	Seminar	Construction Safety Webinar "Traffic Management & Managing Hear Stress"	The Construction Safety Webinar focuses on crucial aspects of ensuring a safe and healthy work environment within the construction industry. It provides participants with valuable insights and practical solutions pertaining to traffic management, worker well-being, and heat stress management. The webinar covers important topics such as the regulations set by the Land Transport Authority (LTA) regarding traffic management and explores effective practices for implementing technology to improve traffic management efficiency and safety. It also emphasizes the role of IT and AI capabilities in fostering a sense of safety among workers. Furthermore, the webinar addresses the impact of heat stress on the health of construction workers and offers strategies for managing and mitigating its effects. This webinar is designed to equip professionals with comprehensive knowledge and best practices to promote worker well-being and enhance productivity.	https://scal-academy.com.sg/courses/course_detail/324/5490	Online	108.00	31 Jul 2023	31 Jul 2023	4	4	
CPD/23/A2/232	SCAL Academy Pte Ltd	Conference	CIOB-SCAL conference "Building Collaborative Contracting"	Introducing the CIOB-SCAL Conference on "Building Collaborative Contracting." Join us for an enlightening webinar where esteemed speakers will delve into key topics such as effective mediation strategies for dispute resolution, the Singapore Academy of Law's guide to collaborative contracting, the pros and cons of Early Contractor Involvement (ECI), and the challenges of delay and rising costs in the post-pandemic era. Expand your knowledge, gain practical insights, and navigate the evolving construction landscape. By attending the CIOB-SCAL Conference on "Building Collaborative Contracting," you will gain in-depth knowledge of effective mediation strategies, collaborative contracting guidelines, Early Contractor Involvement (ECI), and addressing delay and rising costs in the post-pandemic era. Benefit from practical insights shared by industry experts, network with professionals, enhance your professional skills, and stay ahead of industry trends.	https://scal-academy.com.sg/courses/course_detail/400/5593	Furama Riverfront Hotel 405 Havelock Rd S 169633	380.00	24 Aug 2023	24 Aug 2023	7	7
